I Didn't Know That! – Part 4 (The End)

1. The largest speeding fine ever was \$1,000,000. It was given to a Swedish man who was going 180 mph in Switzerland, where fines are proportional to income.
2. In the United States, the average commuter spends over 42 hours a year stuck in traffic. In 1982, the average was 16 hours.
3. A regular rush-hour driver wastes an average of 99 gallons of gasoline a year due to traffic
4. Although Henry Ford (1863-1947) did not invent the modern car or the assembly line, he was the first to manufacture a car that many middle-class Americans could afford. His introduction of the Model T automobile in 1908 revolutionized transportation and American industry.
5. South African BMWs have flamethrowers as an option to prevent car-jackings.
6. Toyota is the world's largest car manufacturer. Each day it produces about 13,000 cars. Ferrari, in contrast, produces a maximum of 14.
7. Engineers in Germany have created a "Brain Driver," which is a car that can be driven with thoughts alone. A Brain Driver's headset consists of 16 sensors that monitor electric signals from the brain.
8. Americans weigh on average 24 pounds more than they did in 1960, which has added up to an additional 39 million gallons of gas consumed annually.
9. Passenger cars alone consume 359 million gallons of gas each day just in the United States.
10. As symbols of autonomy, the American car symbolically liberated women before they could vote. Early women drivers, however, were widely scorned by their male counterparts.
11. Over 250 million car tires are discarded each year.
12. Ralph Teetor (1890-1982) invented an effective cruise control for cars in the 1940s after becoming frustrated with the way his lawyer would speed up and slow down frequently. In addition to being a prolific inventor, he was also blind.
13. Electric cars are not new. In fact, in 1900 38% of cars were electric, 40% were steam, and 22% were powered by gasoline.
14. The top 5 cars that get tickets in the U.S. are 1) Subaru WRX, 2) Pontiac GTO, 3) Scion FR-S, 4) Toyota Supra, and 5) Subaru Tribeca.
15. People who take the public transit systems rather than their cars are, on average, 5 pounds lighter.
16. The car company Chevrolet is named after the company's co-founder Louis Chevrolet, a Swiss-born car racer.
17. Using a cell phone while driving a car increases the chances of an accident by 20 times. Looking at a cell phone for just 5 seconds is like driving down a football field at 55 mph--without looking.
18. Cell phone use while driving leads to 1.6 million crashes each year.
19. The name "BMW" stands for Bayerische Motoren Werke, or Bavarian Motor Works.
20. The name "Hyundai" means "the present age" or "modernity" in Korean.
21. The car company Mazda's name derives from "Ahura Mazda," the Zoroastrian God of reason and intelligence. The stylized "M" in their logo symbolizes flight toward the future.
22. Before the advent of the car industry, over 15,000 horses were left to rot on the streets of New York every year.

Consequently, automobiles were seen as an environmentally friendly alternative

23. The six stars in the Subaru logo are a reference to Pleiades, a cluster of stars in the constellation Taurus. Subaru is also  Taurus's name in Japanese.

24. Volvo is Latin for "I roll." Its logo is a circle with an  arrow pointing out, which is an ancient chemical symbol for iron. It is also one of the oldest ideograms in Western culture.

25. Nearly half of all injuries and deaths in motor vehicle accidents could be prevented by simply wearing a seat belt

26. When Volvo invented the modern three-point seatbelt 50 years ago, they made the patent open and free to all car manufacturers. Seat belts now save over 13,000 lives in the U.S each year.

27. Mercedes' three-point star in its  logo represents its mission to make transportation easier on land, on water, and in the air.

28. The intersecting ovals in the Toyota logo symbolize the  trust between Toyota and its customers. The ovals also form the letter "T" for Toyota.

29. Nearly 1.3 million people die in car crashes each year around the world, which equals about 3,287 deaths a day. An additional 20-50 million people are injured or disabled each year.

30. Car crashes rank as the 9th leading cause of death and account for 2.2% of all deaths globally.

31. Over 90% of all road fatalities occur in low and middle-income countries. Ironically, these countries have less than half of the world's vehicles.

32. Statistics show that there is a 1 in 4 chance that a car accident in the United States involved a cell phone.

33. The Porsche logo features the colors of the German flag, the name of the city where the company is based (Stuttgart), and  also depicts an image of a horse to denote power and speed. The word "Stuttgart" literally translates into "stud farm."

34. Car crashes cost \$518 billion globally and cost individual countries 1-2% of their annual GDP.

35. In the United States, over 37,000 people are killed in road crashes each year, with an additional 2.35 million injured or disabled.

36. BMW had to recall their GPS system model cars. The reason: male German drivers refused to take directions from a female voice.

37. Roughly one million animals are killed on American roadways per day

38. Millions of vertebrate animals are killed--each week--on U.S. roadways.

39. Car insurance companies state that the average driver will get into about 3-4 accidents during their lifetime. In other words, a driver will file a claim for a collision about once every 17.9 years.

40. The first widely distributed rearview mirror for cars was sold as the "Cop-spotter."

41. Famous people who have died in car accidents include Princess Diana (1997), James Dean (1955), Jayne Mansfield (1967), Paul Walker (2013), Jackson Pollock (1956), Grace Kelly (1982), Linda Lovelace (2002), General George Patton (1945), Harry Chapin (1981), and Lisa (Left Eye) Lopes (2002).

Big Whiskey's Dinner Night Out – April 24, 2023

Do you know what Larry and Helen Fortner, Johnny and Beverly Cox, Melinda Owen, C.L. and Mollie Carter, Dennis and Norma Taube, Darrell Osborn and Beverly McCord, and Steve and Terri Barrow have in common?

They all attended the Dinner Night Out event on Monday, April 24, 2023, at Big Whiskey's.

Next Dinner Night Out in 2023 is Monday, May 22, at 5:00 pm at Big Whiskey's at 1440 W Republic Road.

Marshfield Cruisers Cruise-In – May 13, 2023

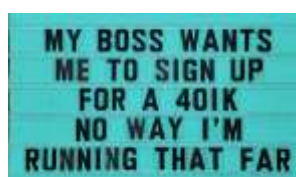

Many Classic Chevy Club members will be taking the monthly cruise to Marshfield on the second Saturday of the month, starting in April and continuing through October. A number of changes to the event have been made.

The venue will change from Young's Shopping Center to First Baptist Church in Marshfield.

A two-page flier is included with this newsletter and will spell out in greater detail the directions to First Baptist Church and the amenities that will be offered.

This is a repeat promotional from the April Newsletter.

New member Tom Marty spoke on behalf of the **Honor Flight of the Ozarks Organization**. They are sponsoring a car show at Gay Parita at 21118 Old Route 66 in Ash Grove. More information is available in the Photo Gallery of this newsletter. Date is June 17 from 9:00 am to 1:00 pm.

Several members were interested in taking a **CPR class** in the near future. More information is forthcoming.

Rockbridge Trout Farm Cruise - April 29, 2023

The Classic Chevy Club journeyed the back roads from Springfield to Rockbridge, MO, on April 29. The group of classics (vintage cars, that is) arrived in time for their vintage riders to wander around the farm and barns and to watch folks fishing.

After a chilly start to the morning the cruise turned out great. After a rest stop in Ava the group made it to the restaurant where we welcomed our new members, Steve and Terri Barrow and Frank and Sandy Burch. We also welcomed back previous cruise guests Russ and Linda Thaight and Tom and Chris Berg. The lunch was great, as usual, with the added bonus of sitting on the lower level of the restaurant with the nice view of the creek and surroundings. After lunch part of the group headed back home while part remained after to enjoy the nice weather and view of the creek before departing for home.

Participants included

Members: Steve & Marcia Bisher, Frank & Sandy Burch, Beverly & Johnny Cox, Betty & Mike Crabb, Dave & Jean Deason, Larry & Helen Fortner, Robin & Bobby Goss, Dan & Mary Kuhn, Melinda & Jess Owen, Carl & Kathy Schmachtenberger, Norma & Dennis Taube, Barb & Tom Trosper, Steve & Terri Barrow.

Guests: Tom & Chris Berg and Russ & Linda Thaight.

3rd Annual Midwest American Muscle Car Show – April 15, 2023

Over 575 car enthusiasts were registered. Club member attendees included C.L. & Mollie Carter, Pat & Dana Jennings, Gene Herndon, and Dave Walters & Yvonna Davis.

There were 22 classes and 58 trophies were awarded.

3rd Place in their truck class was awarded to C.L. and Mollie Carter in their 1953 Silver Gray Chevy truck.

1st Place Trophy for 1959 and Below Overall Car Class was awarded along with a Nice Tool Box to Dave Walters and Yvonna Davis.

Phelps School Cruise In – April 13, 2023

The **Phelps School for the Gifted** has requested several classic cars visit their facility from 12-1 p.m. on April 13th. The gifted program (titled WINGS) is for students in grades 3-5. These classes are studying Route 66 and would like for the students to see classic cars as part of their studies.

We met at 11:45 a.m. at the Subway located 605 E. Harrison St. (Harrison and Kimbrough). We traversed to the school which is located next to the MSU campus.

Afterward we caravanned to lunch at a Steak 'n Shake location at Glenstone at Cinderella. Club members would not recognize the place as it was nearly empty. Normally, the joint would be jumpin' with cruise-in street rods on the first Saturday of the month.

Participants included Steve Bisher, Larry & Helen Fortner, Mary & Dan Kuhn, Jess & Melinda Owen, Barb & Tom Trosper, and Yvonna Davis & Dave Walters.

Phelps Center for Gifted Education

Gifted education programs and information on gifted children are the focus of the Phelps Center for Gifted Education.

For 43 years, the Phelps Center for Gifted Education has provided gifted students a challenging and appropriate educational experience to help ensure their success. Located in the center of Springfield, the Center serves gifted children from all Springfield Public School attendance areas.

Gifted students often have academic needs that benefit from an accelerated pace of instruction, more complexity in content, and opportunities to explore areas of interest or strength. The curriculum experiments are designed to address these needs and to encourage students to stretch themselves beyond their comfort levels. Additionally, the opportunity to interact with intellectual peers in a school setting is an important part of the experience.

Gifted students are as diverse and unique as any group. Some gifted students adapt very well to school, make friends easily, and are comfortable with themselves. Others may find challenges at every turn. The decision to participate in a gifted program should be based, in large part, on the needs of each individual student. It is not a reward for achievement or good grades, rather an intervention to support student success using a variety of program options.

Bowerman Elementary School Cruise In – April 14, 2023

Another school cruise-in you say? Yes, there was. We had been invited to **Bowerman School**, 2148 N Douglas in Springfield. (One block east of N Grant.)

Cruise-In took place on Friday, April 14, from 10 am to noon.

We co-attended the event with the Pharaohs Car Club of Springfield.

Club attendees included Steve Bisher, Larry & Helen Fortner, Mary & Dan Kuhn, Jess & Melinda Owen, Pat Jennings, Dennis & Norma Taube and Yvonna Davis & Dave Walters.

We feasted at Ziggy's after the event with Classic Club members.

Bowerman Elementary School

Bowerman Elementary School, founded in 1906, was named for Milton Bowerman. He served as judge of the Greene County Court and was a member of the school board for 38 years and as its secretary for 37 years.

The original four-room structure at Grand and High was used from 1906 to 1930 and was torn down in 1930 when the present Bowerman School was constructed. The school was then relocated to its current location at Douglas and High. In 1992, Bowerman underwent a building addition including several classrooms and a library. Bowerman was and still is a beautiful, two-story brick building where design elements from the past still live on.

New Location for Marshfield Cruisers

For the past seven years, the management of Young's Shopping Center have allowed the Marshfield Cruisers to host the monthly cruise-in on the shopping center parking lot. It was an ideal location, convenient, visible to passersby who often stopped to see the cars and with some necessary amenities. But as the saying goes, "all good things must come to an end".

With the increase in patronage to the new restaurant as well as the fitness centers and a soon to open business in the old Price Cutter building, the Cruisers found it necessary to look for other locations.

Much discussion has taken place over the past few months, considering the pros and cons of each, and a decision has been reached to accept the offering of the First Baptist Church, 1001 S. White Oak, to host the cruise-in on their south parking lot. Restrooms will be available as well as a drinking fountain. Spectators are asked to park their vehicles on the north parking lot.

Directions: Coming from the west, signs will be posted on Jackson Street (Hwy 38) directing cruisers to turn right on White Oak and continue south to the church on the right. (If this crossing is too low, one might consider continuing one block east on Jackson to Clay, then one block south on Clay to Maple, then West on Maple to White Oak.) Those coming in on A Hwy, look for a sign at Commerce at the south edge of the City, then west to White Oak and north on White Oak to the church.

While this move is inconvenient and poses needed adjustments to be made for all involved, the Cruisers are encouraged at the economic outlook displayed by these thriving businesses and the prospects of a new business in town. The Cruisers wish them well along with Young's Shopping Center for allowing the past use of their lot.

DRAWING

All car owners are invited to come to the registration table and register for the drawing which takes place promptly at 7 p.m. unless announced otherwise.

ONLY ONE ENTRY PER VEHICLE

Thoughts and Prayers

The monthly cruise-ins started in 2010. Since that time, quite a number of the group have gone on to their reward and others are fighting serious illnesses. Thoughts and prayers are with each and every one.

Marshfield Cruisers On Social Media

It has been decided to let the website expire. It will no longer be maintained and focus will be on the Facebook page which is maintained by Jeannette McGuire.

Jeannette also continues to handle the e-mails and will be sending out monthly event reminders as well as word of any cancellations or postponed events. As in the past, anyone who does not do e-mail, please connect with someone who does in order to keep abreast of events. The Cruisers sincerely appreciate Jeannette for taking care of this.

The monthly prize money is provided by these 2022 Corporate Sponsors. As you have opportunity, please take time to show your appreciation to these generous sponsors without whom there would be no cash drawing.

For the Record

Classic Chevy Club was formed in 1975 for the enjoyment, preservation and restoration of Classic Chevy's. Members need not own a car, but a sincere interest is requested. Dues are \$40.00 a year, payable in August, but are prorated at \$3.33 per month, if you join after August.
